2018 – 2023 || Dhaka City College (National University, Bangladesh)
Bachelor of Science in Computer Science and Engineering
CGPA 3.18 out of 4.00

2014 – 2016 || Padmapukur Degree College
Higher Secondary School Certificate
CGPA 4.75 out of 5.00

2012 – 2014 || Dattanagar SM Farm High School
Secondary School Certificate
CGPA 5.00 out of 5.00

Experience :

Synergy Interface LTD. (4th October – Present**)**
Junior Software Developer

Projects :

> ### Nursery Management System App(Govt. App)

Developed a mobile application to streamline nursery operations, including inventory management, customer records, and scheduling.

Key Responsibilities:
- Designed and implemented intuitive frontend UI components using Flutter.
- Integrated backend APIs for efficient data retrieval and storage.
- Conducted thorough testing and debugging to ensure optimal functionality and performance.

> ### Edex-365 (Educational App) :

Contributed to the development of **Edex-365**, an educational app facilitating interaction between students and teachers.

Key Responsibilities:

- Designed and developed user-friendly interfaces for student and teacher panels using Flutter.
- Integrated secure **payment features** for seamless transactions.
- Collaborated with the backend team to ensure smooth data communication and security. ***
- Implemented **push notification** to alert teachers of queries matching their expertise and subject areas. ***

> ### Meghna Life Insurance (FA App) :

Contributed to the development of a financial advisor app for **Meghna Life Insurance**, streamlining portfolio management, policy tracking, and report generation for agents.

Key Responsibilities:

- Developed features and modules using the Flutter framework.
- Collaborated with the backend team for seamless API integration.
- Conducted testing and resolved bugs to ensure application reliability and performance.

➢ **Meghna Life Insurance (Customer App) :**

Contributed to the development of a **Customer-facing app** for **Meghna Life Insurance**, enabling policyholders to manage policies, make premium payments, and access support services.

Key Responsibilities:

- Designed and developed user-friendly frontend components using Flutter.
- Collaborated with backend developers to ensure secure and seamless data synchronization.
- Participated in testing and quality assurance to deliver a reliable and high-performing application.

➢ **Distributor Management System(DMS) :**

Developed a **Distributor Management System (DMS)** app featuring dedicated panels for Distributors, Sales Representatives (SR), and Territory Sales Officers (TSO).

Key Responsibilities:

- Designed and implemented user-specific panels to streamline workflows.
- Integrated a **real-time location tracking system** for efficient monitoring and management of SR activities. ***
- Enhanced operational visibility and performance tracking through robust app functionalities.

➢ **MyKrishi – Smart Agriculture Investment Platform**

Developed **MyKrishi**, a mobile application designed with dedicated panels for **Investors** and **Agents**, aimed at bridging the gap between urban investors and rural farmers through transparent, real-time agricultural project updates.

Key Responsibilities:

- Designed and implemented separate user panels for **Investors and Agents** to ensure role-based workflows.
- Enabled Investors to view detailed project information and make payments directly through the mobile app.
- Empowered Agents to communicate with farmers and update projects with **real-time images and progress reports** from the field.
- Integrated in-app chat functionality to facilitate seamless communication between Investors and Agents.
- Focused on building trust and transparency in agricultural investments through regular, visual project updates.
- Integrated **secure payment features** for seamless transactions.

Professionals Courses :

- **Mobile Application Development – Flutter**
  BASIS SEIP (September 2022 – December 2022)
  Certificate

- **Professional English Communication Skill**
  WSDA New Zealand(November 2022)
  Certificate

- **CSE Fundamentals**
  Phitron

Extra Curricular Activities :

- Participation in DCC CSE Digital Week 2020.
- Participation in DCC Inter Dept. Programming contest 2019
